

Mama Hulda's Testimony

The testimony of Sister Hulda Simba as translated by Fred Okecha. Hulda had been sick and thought she had died. The family around her also felt she was not going to make it through the night. She shares in this testimony what she experienced.

It was on the night of 25th/10/2012 when I went to visit Betty and Mammy. I was in a bad state of health. After a short chat I went to bed and fell asleep. In my sleep I saw myself with two of my daughters, Betty and Mammy standing on either side of my seat. I was holding a beautiful baby close to my chest. Suddenly I felt like the child went on a call of nature on me and my entire clothes were wet. I gave the baby to Mammy and Betty and went into the next room to change clothes.

I opened the door and went in. Immediately the door closed and was plastered (covered) just like the other walls and the opening between the roof and the wall closed too. I remained inside with no openings and being closed inside, I said to myself, "Thank you Christ, today is my beginning to live with you."

Immediately I lay down on the floor, and suddenly a bright light came and covered the entire room. When I looked up I could only see clouds all over. A hand descended from the clouds and held me, taking me up into the clouds. When I was halfway inside, I heard a voice telling me, "Be happy!" Then the hand that held me, released me and a handsome and well built man came and took me by hand and held me as we walked inside. I was feeling like not stepping on anything and just walking on air. We went across so many good houses built on a descending (slope) way and they were connected to each other. At every door step there was a green mango tree surrounded by fresh and well groomed grass and as we walked up to the buildings, the man pointed at one at the top end and told me, "This is your house!"

He immediately released my hand and I fell back to where I was. I felt like I was in a muddy place then was fully awake finding myself lying on the same place I was when I went to bed.

That is my true testimony(vision) John14:1
